2024 Valdosta, Georgia

Georgia Forward is a convener, connector, and unifier whose mission is to unite our state, strengthen communities, and create a talent pipeline within Georgia.

Young Gamechangers is a unique and proven leadership-action program

that gathers 45 of Georgia’s brightest young minds to develop creative and viable recommendations for one community. Participants receive expansive, multi-faceted leadership development on three levels: Traditional training such as networking, personal assessments, and education; On-the-ground community and economic development training through engaging with the real problems and real people of a particular place and seeing real impact from their work; Training and practice in critical civic health skills such as a

greater understanding and openness to other points of view, building broad alliances and negotiating across divides. The annual Young Gamechanger program consists of four meetings in the host community: the 2-day opening session, a 2-day community research meeting, a presentation run through, the final community presentation that is open to the public, and a closing celebration dinner.

GEORGIA FORWARD FORUM

Georgia Forward Forums are an opportunity for experts from all sectors and industries to have solutions-focused statewide conversations. This one-day event takes an expansive and long-term view, experts share their perspectives, pool their technical expertise and proven experience, and challenge one another in search of answers to deceptively simple questions – What should Georgia look like in ten years?

What will it take to foster quality of life and opportunity for all of Georgia’s communities?
