1. Afterschool & Summer Learning: Critical Components of Recovery
Georgia is a Top 10 State for Afterschool

Key Takeaways:

• Afterschool participation has increased, but unmet demand has skyrocketed
• Increase in demand as parents see major benefits
• Cost and access are the major blocks in participation
• Parents and people across the political spectrum show support for afterschool

Based on survey responses from 30,000 American households, including 996 in-depth interviews in Georgia
Increased Participation & Unmet Demand

327,853 or 18% of Georgia's school-aged children participated in afterschool programs in 2020\(^1\)

but

633,481 or 42% more children would enroll if a program was available in their community\(^2\)

Planning for Impactful Summer Learning
Summer Matters

Key program elements of high-quality summer learning:
- Broadens kids’ horizons
- Includes a wide variety of activities
- Helps kids build skills
- Fosters cooperative learning
- Promotes healthy habits
- Lasts at least one month

Summer Matters Campaign. Definition of high-quality summer learning programs. Campaign operated from 2010-2015.
Critical Program Elements

• Voluntary, full-day programming that includes academics and enrichment
• Five days a week for at least five weeks
• Increased dosage and hands-on learning provided by a certified teacher for students struggling in the basics
• Small class sizes
• No fees to families
• Free transportation and meals

Design and Delivery Ingredients

- Employ a mix of staff connected to the local community and schools
- Encourage engaging learning in literacy, math, and STEAM
- Include active, enrichment experiences, such as in the arts and sports, coding and robotic clubs, service-learning, college and workforce exploration, entrepreneurial experiences, and apprenticeships
- Provide positive adult supervision and relationships
- Offer wellness activities and address food access

School-community partnerships provide a vehicle for aligning services and leaning on and utilizing the expertise, resources, and capacity that exist in multiple sectors.
Partnerships require commitment to a shared vision

- **Shared professional development** to ensure evidence-based practices are implemented across agencies and locations
- **Delivery of wraparound services** and youth enrichment
- **Space sharing** to expand opportunities for learning and engagement
- **Shared staff** to maximize capacity and tap into varied expertise
- **Coordinated services** to meet youth and families’ economic, health, food, and other needs

Questions?
4. Strategies for Success
Reach out to your community-based afterschool and summer learning programs!

What are you offering this summer?

What can we do to support your program and the youth you serve?
Key Considerations

• How can we bring supports and services to where the students already are?
• Look to programs that offer a variety of enriching opportunities
• How can you maximize the skills, expertise, and capacity of multiple sectors?
• How can we extend these partnerships into the school year and beyond?
Aligning Workforces

How can schools, municipalities, and community-based programs come together to get more young people access to high quality supports and services?

How can we leverage the youth development and teaching workforces?
Expanding Access Through Transportation

How might communities and schools utilize existing transportation infrastructure to increase access to summer learning opportunities? Consider:

• Supporting student transportation to and from summer camps with community-based partners
• Providing transportation from summer school to community-based summer learning partners
• Extending partnerships through the school year
Shared or Creative Spaces

• Utilize existing community spaces, such as Parks & Recreation Departments, schools, and libraries
• Expand school-based programming to 5:00 or 6:00pm to meet family needs by bringing in community-based partner to manage enrichment
• Bring programming and intervention to where the students are
Supporting Mental Health

How can we expand mental health services in school-based and community-based programs this summer?
